Service Appointment Policies

In an effort to make each visit with us excellent we have the following policies in place:

- 1. We do our best to accommodate student requests. However, if a requested student is absent, your appointment will be scheduled with another student therapist of the same gender.
- 2. Appointment changes and cancellations are welcome, provided a 2-hour notice is given, to avoid being charged the full service price. This includes changes in services requested.
- 3. If you are late for your scheduled appointment, you have two options as a valued client:
 - a. Your student therapist can still provide your service, however, you may not receive the entire service you were scheduled for. Together you will determine what portion of your service you may not have time to complete. However, you will be charged for your full scheduled appointment.
 - b. We can reschedule your appointment, however, we may ask you to prepay for future appointments.
- 4. If a client does not show up for a scheduled appointment and has not cancelled the appointment with at least 2 hours' notice, we will not be able to hold any future appointments for that client, unless they pay in advance for their next appointment.
- 5. Clients that prepay for an appointment and do not show up or cancel with less than two hours' notice will forfeit payment.
- 6. As a courtesy to other clients, mobile devices, pets, children and other guests are not permitted during your service. (Special needs considerations made.)

I have read this policy, understand it, and agree to abide by it.
